EMERGENCY CLOSING PROCEDURES

1. Delayed Morning Opening

If morning conditions are hazardous, the opening of school may be delayed by one hour. This gives the transportation department more time to ready buses and the maintenance department time to clear parking lots, sidewalks, and check building conditions. This extra hour also gives administration additional time to make a decision to close school especially if conditions worsen.

SACC will open one hour late if the opening of schools are delayed by one hour. Elmer SACC will operate from 7:30 AM until the opening of school. SACC will not open if schools are then closed.

Delayed Openings rarely occur however we need to be prepared for this to happen.

2. Early Emergency Closing

If weather conditions become hazardous and are predicted to worsen, school may be closed early and students transported home.

SACC will make a decision about remaining open and for how long we will stay open with the advice of the Superintendent.

- (1) If conditions are severe, SACC will not open then you must pick-up your child at the school dismissal time, make arrangements for your child to be picked-up or give direction to send your child home on the bus. Plan this out ahead of time.
- (2) If conditions are moderate, SACC will remain open for a specified period of time (such as until 4:00 PM). At the SACC designated closing time, your child must be picked-up. Plan and arrange for a pick-up person ahead of time.
- (3) If conditions are worsening, SACC will remain open for a limited time (such as until 2:00 PM) to give you additional time to pick-up your child. Plan and arrange for this ahead of time.

The key is to plan ahead and inform SACC of the arrangement. We do not want children going home on buses to unattended homes or staying at school or SACC awaiting your pick-up and you are waiting at home for the bus.
